Ever wondered what the Zoo is like at night?  Looking for something fun to do? Then enjoy an overnight camp-in at the Zoo and come face to face with animals and learn about their habitats. Just one stipulation though, you have to be at least 6 years old and up to attend.

Some of the things we will be doing when we arrive include evening trail walk with fun activities, crafts, snacks, and of course animal visitors. In the morning after we pack up our gear we will have a continental style breakfast and head off on a morning hike. The Camp-in program ends at 10 am that morning and at this point, you stay on the zoo grounds until designated departure.

A detailed list of what to bring will be provided once you sign up, but you will definitely need a sleeping bag and pillow (sleeping inflatable mats provided). Just in case you are wondering we will be sleeping indoors at the Zoo's Education Building. All rooms are heated and air conditioned. Restrooms available however, there are no showers. Camp-in will take place rain or shine so bring weather appropriate attire.
