CAMC Foundation held its 20th anniversary Golf Classic on Aug. 15 at Berry Hills Country Club, Edgewood Country Club and Sleepy Hollow Country Club, raising $181,770 for the CAMC Foundation Children’s Fund. This fund supports the following services and departments at CAMC Women and Children’s Hospital: Children’s Medicine Center, Pediatric Oncology Program, Child Abuse Prevention Program and the CAMC Family Resource Center.

Thank you to the Golf Classic chairman Ted Brady, of Progressive Electric and Ryan Lindsay, of Arnett & Foster, for their support. The foundation also thanks sponsorship committee chairman Richard C. Sinclair Sr., of Jeffersons Corporation, for his leadership and the generous support of the community that made the twentieth event such a big success.

CAMC Foundation wishes to thank the following sponsors for their support of the 20th anniversary Golf Classic:

**Special 20th Anniversary Sponsor:** The Barnett Group

Foundation funds education

The CAMC Foundation awarded grants totaling $200,000 to support continuing education projects during 2011.

CAMC Nursing Continuing Education received $120,000 to cover expenses associated with providing continuing education opportunities for CAMC nurses. Included in this project are the promotion of opportunities that allow nurses to obtain advanced clinical certifications during 2011.

Funds were allocated to each nursing unit for managers to travel to national meetings and for specialty certification for nurses applying for certification for the first time.

"Each year a leadership team evaluates education needs to determine where the staff needs to focus," said Heidi Edwards RN, CCNS-CMC, nurse manager, coronary intensive care unit. "We use our education dollars to send staff to conferences with focus on cardiovascular, infection prevention, nursing research, vascular, diabetes management and other specialty offerings that directly benefit the nursing care for the patients in the coronary ICU. Foundation funding helps ease the burden for the employees to attend conferences and to take mandatory certification exams."

CAMC Allied Health Continuing Education received $80,000 to cover expenses associated with providing continuing education opportunities for CAMC during 2011. Funds have been allocated for allied health areas including therapies, technicians and other allied health professionals.

These projects are aligned with recruitment and retention efforts of CAMC employment services and the education and training programs offered by the education division of the CAMC Health Education and Research Institute.

Top nurse anesthesia student receives graduation gift from CAMC Foundation

When Krista Phillips attended the June 9 graduation program for the CAMC School of Nurse Anesthesia, she didn't expect anything other than a diploma. She was “completely surprised,” by the gift she received from the CAMC Foundation for her outstanding work in the nurse anesthesia program.

Phillips, 30, is the 2011 recipient of the Josephine A. Reier Memorial Anesthesia Student Education Fund. She received a $5,000 gift from the fund for her outstanding work. Phillips earned a perfect 4.0 GPA in the 127-semester credit hour Doctor of Management Practitioner in Nurse Anesthesia program in affiliation with Marshall University.

“I’m just very surprised, honored and grateful for this gift,” Phillips said.

This year’s recipient of the award was determined by the Director of the Charleston Area Medical Center School of Nurse Anesthesia and the members of the anesthesia didactic faculty. “Krista is not only a model graduate student but a good citizen in representing our program by speaking at various local and state nurse anesthesia meetings,” wrote Nancy Tierney, DNP, CRNA and the program director. “She is always willing to do more than what is asked or expected of her.”

Phillips and her husband, Brett, recently welcomed a new addition to their family – daughter, Ainsley Joy. As a new mom, Phillips was exemplary in handling her personal life and meeting the many obligations for the program, Tierney said.

Local boy featured on national program

Jackson shares his love for life with everyone he meets. His bright blue eyes and shining smile greet every person as if they were an old friend. The spirit within this 5-year-old boy strengthens his family through what has now become a three-year journey to battle Leukemia.

While childhood Leukemia is curable, Jackson is a special case. He has suffered a number of complications and setbacks throughout his treatment, including a brain infection that has left his right side partially paralyzed and his speech impaired.

“He’s been through more than most oncology kids will go through,” said Jackson’s mother, Melody. “He has never quit. He keeps on going with a smile.”

Jackson receives treatment from the great physicians at CAMC Women and Children’s Hospital. “They are like family to us,” Melody said of the staff at Women and Children’s Hospital.

“They have taken care of him from the beginning,” CAMC Women and Children’s Hospital is a member of Together for Kids, a national network of children’s hospitals. Together for Kids has partnered with Delliath, the nationally-syndicated radio host, to raise awareness and support for Together for Kids members.

As part of her awareness campaign, Delliath is featuring a Brave Child of the Week on her show. Jackson was the featured Brave Child of the Week on Aug. 16. We salute Jackson for the bravery he shows in his own personal battle with cancer.

Bill Young Memorial Golf Tournament nets $12,000

The 2011 Bill Young Memorial Golf Tournament raised more than $12,000 to support patients battling cancer. The tournament was held June 10 at Big Bend Golf Course.

This year, the tournament included 120 golfers, 20 volunteers, beautiful weather, great friends, great food and prizes. Thank you to the Young family for all their support for cancer patients at CAMC.

The Bill Young Memorial Golf Tournament was created in 2008 to raise support for cancer patients and their families. The proceeds from the tournament are placed in the Bill Young endowment.

Special thanks to the CAMC Foundation team of Ted Brady, Jenny Dial, Dee Rumbaugh and John Ziebold. Run for Your Life

Thank you to all the runners and volunteers who make the annual Run for Your Life a success.

We want to especially thank Jim Harlan and Foundation board member Ted Brady for coordinating this fundraiser to support colorectal cancer screenings and awareness.

This year, more than 100 runners raced along Kanawha Boulevard through Spring Hill Cemetery and back to Haddad Riverfront Park and raised nearly $3,000!
