West Virginia Epilepsy Webinar Series

Join the Epilepsy Foundation Connectors Project as we raise the bar in epilepsy care in WV!

This webinar series features three prominent neurologists from West Virginia who will share their knowledge and expertise for people living with epilepsy and their family and friends. They will bring understanding to this often misunderstood condition.

This Webinar Series is FREE and will let you watch, listen and ask questions of epilepsy experts – all from the comfort of your home. View this webinar on your computer, Smartphone, tablet or call-in and listen on your phone.
