Save the date – 2013 Golf Classic

On Aug. 19, the CAMC Foundation will hold its annual Golf Classic chaired by Diana Long. The Golf Classic benefits the foundation’s Children’s Fund. Proceeds from the tournament are used to fund children’s safety net services, including NICU, trauma, clinics and preventative and educational programs at CAMC Women and Children’s Hospital.

This year, the Golf Classic will be held in memory of William “Bill” McDavid. As a former member of the CAMC board of trustees, CAMC Foundation board of directors and steering committee member of the Power of Many capital campaign for a new cancer center, CAMC had no better friend than McDavid. A humble gentleman, McDavid was quiet in his philanthropic efforts. He worked tirelessly for the CAMC Foundation and for our community. His dedication to children and their well-being was second to none.

We hope you will join us this year in honoring the life of Bill McDavid through the game that he loved so much. For information about hole sponsorships or to register a team, call the CAMC Foundation at (304) 388-9860.

Thank you to our sponsors of the 2013 CAMC Foundation Gala

The CAMC Foundation would like to thank everyone who supported the Mix & Match fundraising party March 23. The event was very successful and raised more than $60,000 for the new cancer center.

The CAMC Foundation would like to give a special thanks to Rainmaker Media Group and the party hosts: Dave and Sandy Campbell, Erik and Pam Nelson, Andy and Shannon Elliott, and Ron and Terry Potesta.

Dinner raises money to help cancer patients
About 130 people raised $1,232.50 for the CAMC Foundation Bill Young Memorial Endowment Fund. This fund provides financial assistance to cancer patients and their families throughout the year. Some of what the fund covered in the past year included co-pays for prescriptions, travel to and from treatment, and nutrition assistance.
The event was held at Ridge View BBQ Restaurant in Institute.
Bill Young lost his fight with brain cancer in April 2007. A Bayer Cropscience retiree and a lifetime Charleston resident, Bill was also a lover of the game of golf.
