CAMC Health System

The CAMC Health System consists of Charleston Area Medical Center, CAMC Foundation and CAMC Health Education and Research Institute.

Charleston Area Medical Center

CAMC has provided outstanding health care to the region for more than 50 years, offering thousands of families convenience and accessibility through its four locations: CAMC General Hospital, CAMC Memorial Hospital, CAMC Teays Valley Hospital and CAMC Women and Children's Hospital. CAMC's broad

range of specialties includes a nationally-recognized Heart and Vascular Center, largest Cancer Center in West Virginia, highest level neonatal and pediatric intensive care units, highest level trauma center, only Kidney Transplant Center in the state, Regional Neurosciences Center, Primary Stroke Center, Cleft and Craniofacial Center, Weight Loss Center, Pelvic Floor Center, Kidney Stone Center, urology, fertility, obstetrics, oral and maxillofacial surgery, general and vascular surgery, infectious diseases, orthopedics, pathology, plastic surgery, ENT, urgent care and primary care.

CAMC Health Education and Research Institute

The CAMC Institute provides continuing medical education, outreach education and research support to physicians, allied medical professionals as well as patient and consumer health service projects in West Virginia and the region. The institute also operates a school of nurse anesthesia affiliated with Marshall University as well as 13 graduate medical education residency/fellowship programs sponsored by CAMC and in affiliation with West Virginia University-Charleston Division and the West Virginia School of Osteopathic Medicine. Additionally, CAMC sponsors three pharmacy residency programs, a clinical psychology internship and cardiology, oral maxillofacial and vascular surgery fellowships.

CAMC Foundation

The CAMC Foundation is the fundraising organization for the CAMC Health System. The foundation accepts gifts from individuals, businesses and foundations to support programs and services at CAMC. In 2019, the foundation provided more than \$4.5 million in grants for nursing student educational assistance, research, programs that support underserved infants and children, new technology, adult and pediatric cancer care and families of patients in need of lodging at the CAMC Foundation Hospitality House.
