2021 Community Benefit Report and Report on 2021-2023 Implementation Strategies Executive Summary

This community benefit report describes the programs and services that take place every day at CAMC Teays Valley Hospital to improve the health of our community. Our programs and services go well beyond the traditional health care we think of when we consider hospital care and are delivered both inside and outside the walls of our hospitals. They are driven by our mission, *Striving to provide the best health care to every patient, every day.*

CAMC Teays Valley Hospital became the fourth hospital of Charleston Area Medical Center, Inc. (CAMC) in March 2014. Although each CAMC hospital is licensed separately, all hospitals share one tax identification number and one provider number. CAMC has one administrative, support, planning and financial structure. As a result, CAMC Teays Valley Hospital community benefit financial reporting for Financial Assistance at Cost and Government Sponsored Means-Tested Health Care Shortfalls are reported as part of the Charleston Area Medical Center 2021 Community Benefit Report.

This report contains CAMC Teays Valley Hospital's 2021 report on its 2021-2023 Implementation Strategies.

CAMC Teays Valley Hospital is a 70 bed general acute care hospital in Hurricane, Putnam County, West Virginia. CAMC Teays Valley Hospital provides cardiology, family practice, gastroenterology, surgical and endoscopy services, infectious disease, internal medicine, medical intensive care, oncology, ophthalmology, nephrology, neurology, orthopedics, pain, pulmonary, radiology, urology and wound care services as well as emergency care, outpatient lab, physical therapy, and ambulatory infusion services.

The residents of Putnam County depend on CAMC Teays Valley Hospital to provide convenient, quality and compassionate care – care delivered regardless of a patient's ability to pay.

We give back to our community because we understand the impact that medical care provided locally in our community as well as charity care, education, corporate contributions and community partnerships have on the lives of the people in our community. In this report, you will read about examples of the programs we provide to the community and how we demonstrate our community commitment.

CAMC Teays Valley Hospital 2021 Community Benefit Report and Report on 2021-2023 Community Implementation Strategies

OVERVIEW and MISSION

CAMC Teays Valley Hospital focuses on the health of our patients and our community. Our mission is ***“Striving to provide the best health care to every patient, every day.”***

Our vision and values also show our commitment to our community:

Charleston Area Medical Center, the best health care provider and teaching hospital in West Virginia, is recognized as the:

- **Best place to receive patient-centered care.**
- **Best place to work.**
- **Best place to practice medicine.**
- **Best place to learn.**
- **Best place to refer patients.**

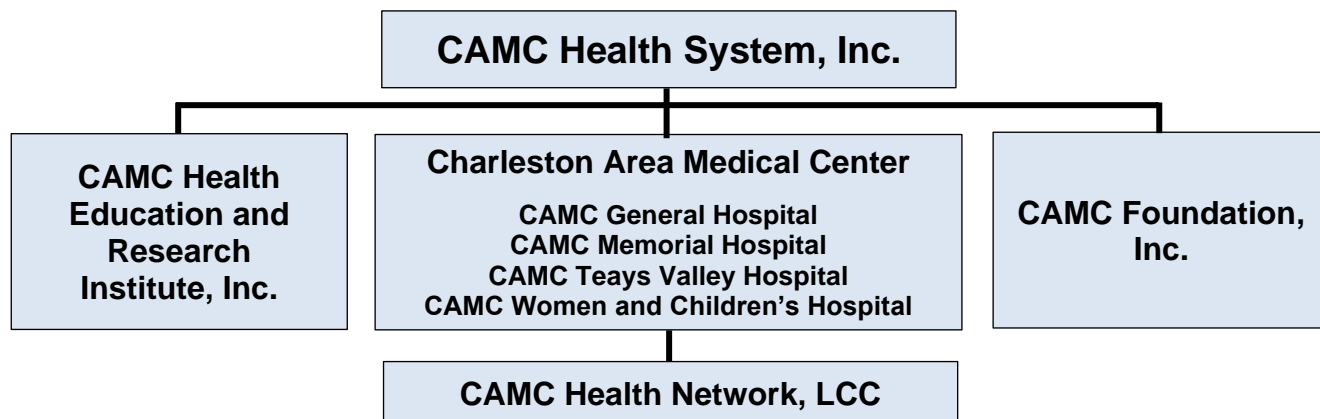

Values: **Quality, Service with Compassion, Respect, Integrity, Stewardship, Safety**

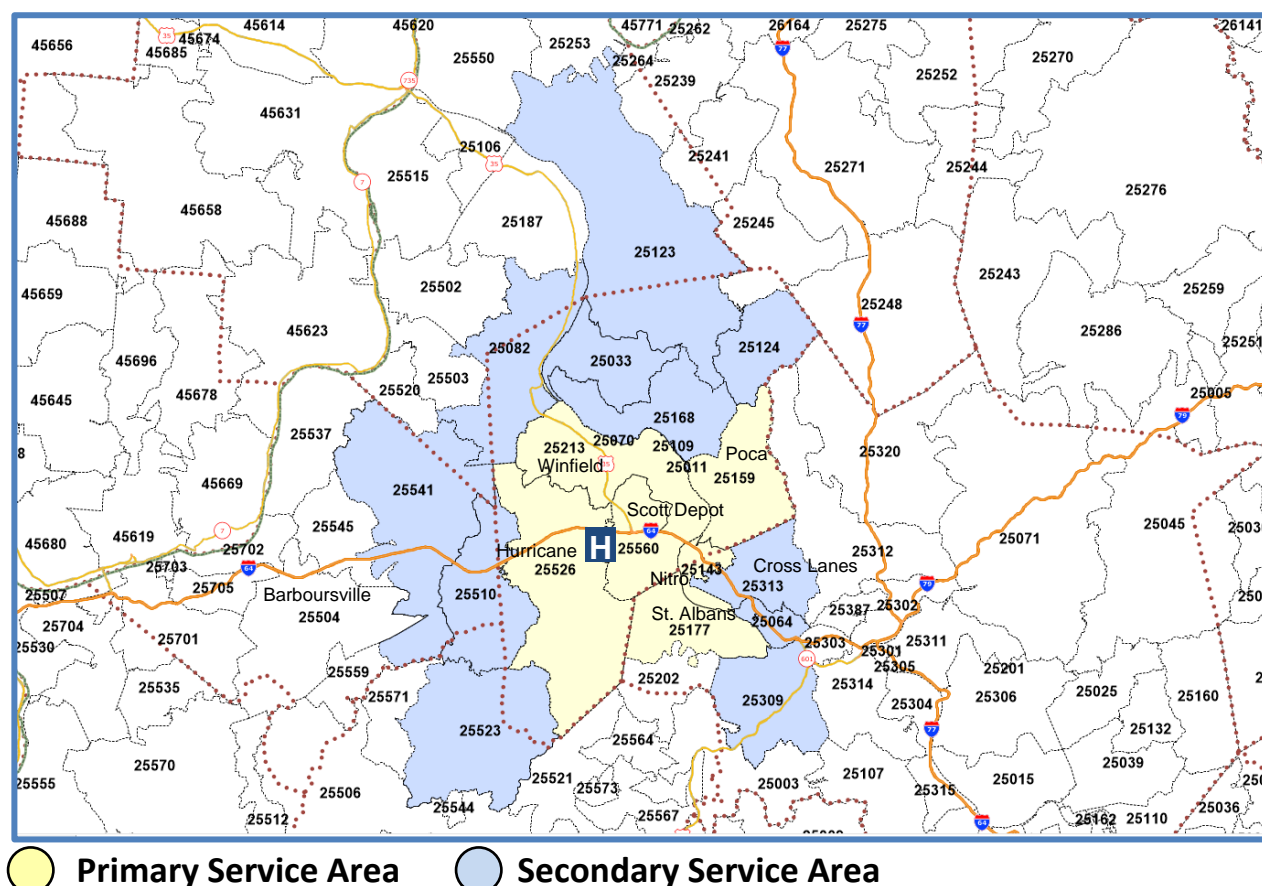

Nearly 400 nurses and non-clinical staff serve the residents of Putnam County with emergency services and other specialized care including cardiology, family practice, surgical and endoscopy services, infectious disease, internal medicine, medical intensive care, ophthalmology, nephrology, neurology, oncology, orthopedics, pain, pulmonary, radiology, urology and wound care services as well as emergency, outpatient lab, physical therapy, and ambulatory infusion.

In 2021, CAMC Teays had 1,501 inpatient admissions, 45,509 outpatient visits, and 18,221 visits to our Emergency Department. CAMC Teays inpatient payer mix is 64% Medicare, 16% Medicaid, 13% Commercial, 1% Self Pay, and 6% Other.

CAMC Teays Valley Hospital is one of four hospitals comprising Charleston Area Medical Center. Although licensed separately, these four hospitals have one tax identification number and one provider number. CAMC has one administrative, support, planning and financial structure for Charleston Area Medical Center.

For community benefit purposes, CAMC Teays Valley Hospital, as a community hospital, completes a community needs assessment for its service area of Putnam County. The community needs assessment is completed in conjunction with other community organizations in Putnam County.

COMMUNITY BENEFIT

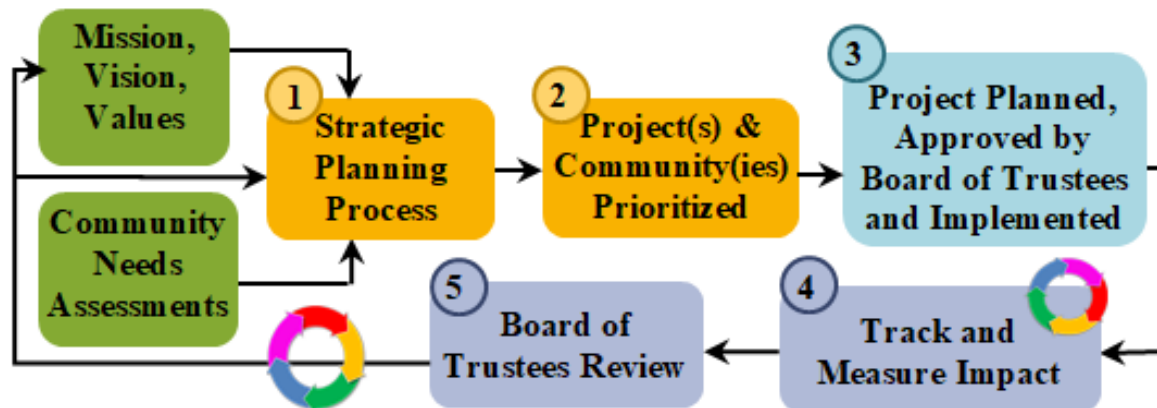

The residents of Putnam County depend on CAMC Teays Valley Hospital to provide convenient, quality and compassionate care – care delivered regardless of a patient’s ability to pay.

Our programs and services go well beyond the traditional health care we think of when we consider hospital care and are delivered both inside and outside the walls of our hospitals. They are driven by our mission, *Striving to provide the best health care to every patient, every day*. Community benefits are programs or activities that provide treatment or promote health and healing as a response to identified community needs and meet at least one of the following community benefit criteria:

- *Improves access to health care services.*
- *Enhances public health.*
- *Advances knowledge through education or research.*
- *Relieves or reduces a burden of government to improve health.*

(CHA, Vizient, Verite Healthcare Consulting, December 2020)

The following outlines CAMC Teays Valley Hospital's community support process:

CAMC Teays Valley Hospital supports and strengthens the Putnam County community through our annual planning process ^① where we review the needs assessment findings and priorities to develop our community strategy and the community(ies) within Putnam County that are impacted. ^② This strategy is based on issues identified through the needs assessment process and supplemented with findings from the review of our internal data. Strategies are identified and plans are funded, implemented, ^③ tracked and measured ^④. The CAMC Board Planning and Public Policy Committee and the CAMC Board of Trustees approve the plan and review plan progress annually ^⑤. In addition to addressing community needs and contributing financially, CAMC Teays' Vice President/Administrator and Associate Administrator serve in key leadership roles for community activities, programs and organizations as well as support the workforce in participating in many community benefit activities.

As part of the strategic planning process, CAMC Teays determines if there are additional areas of support that can be provided to address the identified community health needs assessment issues.

The following table lists programs and support already in place provided by CAMC Teays Valley Hospital that address these community priorities, and are identified and funded as part of operational and community benefit planning by the CAMC Board of Trustees. Some of the programs that we traditionally provide were unable to be provided in 2020 and 2021 due to the pandemic.

CAMC HEALTH SYSTEM INFRASTRUCTURE TO ADDRESS COMMUNITY NEED

As part of the CAMC Health System, CAMC Teays Valley Hospital has access to a number of resources that support community need.

The CAMC Health System provides quality care for our community residents throughout every stage of life focused on our key strengths of (1) clinical and technical excellence, (2) performance excellence culture and infrastructure and (3) education. We understand the leadership role that health care must play in providing exceptional medical care, charity care, education, corporate contributions and creating community partnerships to address the lives of the real people we care for every day. What sets us apart is our strong track record of developing partnerships to address health issues. Our creative investment of time and dollars will be even more important to our ongoing work as health care reform results in declining reimbursement and growing need for access to services. CAMC Health System's history is one of establishing programs and services to meet the needs of the citizens of our community. From our beginning, our focus has been on assessing needs and working to provide the needed services, either solely or in partnership with others. We recognize the responsibility we have serving the central and southern part of West Virginia. Our patients reside in the Appalachian valleys and mountains in sometimes still difficult to access remote areas. The CAMC Health System, as professionals individually and collectively, believe it is our responsibility to influence the quality of life in ways that transcend the role of a typical hospital. We seek to innovate and implement programs to assure that our people can enjoy all that West Virginia has to offer through the greatest possible health and well-being. CAMC Teays Valley Hospital is in existence today because we were asked by the Putnam County community to support its need for continued hospital and emergency services in the county.

SAFETY NET SERVICES

Charleston Area Medical Center provides trauma, NICU and PICU safety net services to central and southern West Virginia. These services support CAMC Teays Valley Hospital and the Putnam County community.

MEDICAL EDUCATION

Charleston Area Medical Center sponsors thirteen accredited internship, residency, and fellowship programs. Programs are accredited through the Accreditation Council for Graduate Medical Education (ACGME) and the American Osteopathic Association (AOA). CAMC sponsors three pharmacy residency programs, accredited by the American Society of Health System Pharmacy (ASHP); a clinical psychology internship, accredited by the American Psychological Association (APA); and a fellowship in oral maxillofacial surgery. CAMC also sponsors a School of Nurse Anesthesia accredited by the Council on Accreditation (COA). CAMC works with education affiliates such as West Virginia University, the West Virginia School of Osteopathic Medicine and Marshall University.

CLINICAL TRAINING SITE

CAMC serves as a clinical training site for approximately 800 students per year through educational affiliations from West Virginia and regional colleges and universities. Currently, there are 153 affiliations with health professions programs in 30 disciplines including nursing, pharmacy, physical therapy, physician assistant and other health disciplines.

RESEARCH and CLINICAL TRIALS

CAMC Health Education and Research Institute, Inc., a sister company to CAMC Teays Valley Hospital, is actively engaged in clinical trials as well as epidemiological investigations and has active research protocols in oncology, cardiology/cardiovascular research, medicine and medicine subspecialties, behavioral health community medicine, pediatrics, nursing research and trauma/pain. The majority of this research is conducted at CAMC hospitals.

ALTHOUGH NOT COUNTED AS CAMC TEAYS VALLEY HOSPITAL COMMUNITY BENEFIT, CAMC HEALTH SYSTEM COMPANIES PLAY A SIGNIFICANT ROLE IN COMMUNITY HEALTH IMPROVEMENT:

CAMC Health Education and Research Institute serves as the education and research arm of the CAMC Health System. The Institute promotes the health of the community by:

- Sponsoring health professional training programs training the region's health professionals.
- Providing continuing education to health professionals in the community, region and state.
- Sponsoring management and leadership development programs.
- Sponsoring community health education and prevention education programs for the community.
- Conducting clinical and health services research targeted to improve health and health services delivery for our patients and community.
- Pursuing special program funding and grants to support education and research programs.
- Sponsoring simulation training experiences for regional education affiliates.
- Promoting and sustaining networks and partnerships that improve access to clinical trials and research funding opportunities.

CAMC Foundation, Inc. is the fund-raising organization for Charleston Area Medical Center (CAMC). The foundation works with donors to secure current and future support for CAMC programs and services to improve the health of the people in West Virginia. Looking to the future of health care in southern West Virginia, the CAMC Foundation serves as the conduit for charitable care; to help CAMC deliver high-level clinical health care, to provide educational opportunities for practitioners to become healers, and to fund social medical services for those in need. The foundation's mission is to support and promote Charleston Area Medical Center's delivery of excellent and compassionate health services and its contributions to the quality of life and economic vitality of the region.

The CAMC Foundation is guided by a volunteer board of directors representing many facets of our community, as well as a staff of individuals with many years' experience and strong community ties and loyalty.

CAMC Ambulatory Services consists of multiple physician specialty departments within Charleston Area Medical Center Inc. which exist to support the mission of CAMC and CAMC Teays Valley Hospital in *striving to provide the best healthcare to every patient every day*. When the CAMC Health System identifies an essential physician need, an access issue for patients, or when the existing providers in the community cannot provide an essential service, CAMC Ambulatory Services works to fill the gaps. Currently, CAMC Ambulatory Services provides a number of specialty medical staff for CAMC Teays Valley Hospital as well as CAMC in Charleston and surrounding areas. Overall, CAMC Ambulatory Services see a disproportionate share of the uninsured and underinsured in their practice locations.
