AWVHA Volunteer of the Year Award

Information and Guidelines for Submitting a Nomination

Each year, the Auxiliary to the WV Hospital Association, AWWHA, takes 1 submission from each eligible hospital auxiliary to be considered for the AWWHA Volunteer of the Year Award. CAMC hospitals are members of the AWWHA.

At CAMC, we are encouraging the employees or volunteers who know our volunteers best, to submit nominations for volunteer of the year. These employees and volunteers are best able to determine if volunteers meet the criteria to be submitted for consideration for this award. Nominations will be submitted to the auxiliary who will select one volunteer to submit to the AWWHA for consideration for the AWWHA volunteer of the year.

Before you submit a recommendation, please consider the guidelines and eligibility criteria below.

Eligibility:

To be considered as a recipient of the award, the volunteer must:

1. Have at least 3 years of service to CAMC **(Check the attached list for volunteers at your hospital who meet the 3-year criteria.)**
2. Have made a significant contribution to volunteerism as evidenced by regular service to the hospital.
3. Be able to be supported and endorsed by the Chief Executive Officer of the hospital and 3 additional references. **(These endorsements will be obtained by the Auxiliary on the nominee who is selected. **This is not necessary for your submissions and will only be done by auxiliary if your nominee is selected.**

Criteria:

**** The nominee should meet most of the following requirements:**

1. Volunteer has participated in a heroic act.
2. Volunteer has exercised extraordinary judgment to prevent a major problem.
3. Volunteer consistently performs above and beyond his/her regular duties without being asked to do so.
4. Volunteer establishes good relationships with patients, employees, other departments, volunteers, medical staff, and the general public.
5. Volunteer exercises leadership ability and assumes responsibility readily.
6. Volunteer provides innovative suggestions that are practical and useful to the job and hospital.
7. Volunteer consistently performs superior quantity of work at high quality.
8. Volunteer has outstanding attendance history and superior dependability.
9. Volunteer puts forth an outstanding cooperative effort with co-workers, supervisors, and department managers.

Once all nominations are received, CAMC Volunteer Services will disseminate the nominations to the appropriate Auxiliary for review and selection of volunteer of the year for the hospital. The selected candidate will then be submitted to AWWHA for consideration for AWWHA Volunteer of the Year.
